EDUCATION

Oregon State University, Corvallis, OR

June 2026

Bachelor of Science in Business Analytics – Focus in Market Research and Consumer Analytics, Minor in Music Performance

Relevant Coursework: Data Analytics and Artificial Intelligence, Data Visualization and Exploration, Digital Marketing Platforms, Machine Learning and Text Mining, Integrated Marketing Analytics, Consumer Behavior, Statistical Inference, Business Information Systems

EXPERIENCE

Zinnia (Short Hills, NJ)

Business Transformation Intern

June 2026 – August 2026

- Conducted and synthesized research across industry reports, articles, and leading practices in people analytics to develop a standardized framework for company-wide implementation.
- Established people analytics standards and best practices to support data-driven workforce strategy and organizational decision-making.
- Developed AI agents to automate and streamline business transformation workflows, enhancing people analytics capabilities and management decision support.

Valley Catholic Early Learning School Teacher (Beaverton, OR)

Teacher

July 2025 - Sep 2025

- Delivered engaging lessons for children aged 1-4, focusing on early childhood development milestones, including language, motor skills, and social-emotional growth, and fostered a nurturing environment that encouraged exploration and learning.

Oregon Software Consulting Group (Corvallis, OR)

Co-Founder and Vice President

June 2024 - Present

- Led the end-to-end delivery of 5+ client-facing software solutions as Product Manager, coordinating cross-functional teams to ensure timely and high quality execution.
- Managed local business outreach and stakeholder communication, providing regular status reporting and aligning project expectations.
- Designed and facilitated technical workshops and case studies, increasing student engagement and proficiency across various levels.
- Recruited guest speakers from major consulting firms, significantly boosting seminar attendance and expanding industry connections.

OSU Indian Students Association (Corvallis, OR)

Co-President

June 2024 – Present

- Spearheaded strategy and operations across finance, marketing, and event planning for the largest and longest standing cultural organization at Oregon State University - the Indian Students Association (ISA) – representing 500+ students and faculty.
- Organized, executed, and presented India Night, OSU's largest cultural event attractive 1000+ attendees. Coordinated 30+ volunteers and 50+ participants from the Pacific Northwest and managed a budget of \$10k plus donations.
- Cultivated partnerships with student organizations and administration to secure funding and venues for future ISA initiatives.

Event Coordinator

June 2023 - June 2024

- Coordinated end-to-end event logistics, managing vendor contracts, catering, and entertainment for all events.
- Secured over \$3000+ in sponsorships, fostering long-term partnerships with local businesses.

Secretary

June 2022 - June 2023

- Launched campus outreach campaigns and boosted event attendance by 100+ participants, fostering deeper engagement with the student community and promoting cultural awareness and inclusivity.

PROJECTS

Detecting Fake 5-Star Yelp Reviews

April 2025 - June 2025

- Developed and trained an end-to-end machine learning pipeline in Python to detect fake 5-star Yelp reviews using sentiment analysis (VADER), LDA topic modeling, K-Means clustering, and logistic regression.
- Cleaned and analyzed Yelp reviews to identify patterns in language, user behavior, and business categories to uncover patterns associated with potentially fraudulent reviews, achieving 99% model accuracy.

Spotify Music Popularity and Listener Insights and Predictions

June 2025 - March 2025

- Analyzed 5k+ Spotify tracks using Python and pandas to identify relationships between key audio features – including valence, speechiness, energy, tempo - linked to song popularity.
- Built and evaluated predictive, statistical, and visualization models to uncover key drivers of listener engagement, translating findings into insights relevant to indie artists, music marketers, and audience strategy.
