EXPERIENCE

Zinnia (Short Hills, NJ)

Business Transformation Intern

June 2026 – August 2026

- Compiled research from reports and articles about best people analytics strategies and implementation into a document setting company standards.

Valley Catholic Early Learning School Teacher (Beaverton, OR)

Teacher

July 2025 - Sep 2025

- Supported lead teachers in caring for and educating 1-4 year-old children by delivering daily lessons and activities aligned with early childhood development milestones, including language, motor skills, and social-emotional growth.

Oregon Software Consulting Group (Corvallis, OR)

Co-Founder and Vice President

June 2024 - Present

- Led end-to-end delivery of 5+ client-facing software solutions, coordinating cross-functional teams of 5-10 members ensure timely and high quality execution, acting as Project Manager.
- Managed local business outreach, customer engagement, and stakeholder communication, providing regular status reporting and aligning project expectations.
- Designed and facilitated technical workshops and technical case studies, increasing student engagement and proficiency across beginner to advanced levels.
- Recruited and secured guest speakers from major consulting firms, boosting seminar attendance and expanding industry connections.

OSU Indian Students Association (Corvallis, OR)

Co-President

June 2024 – Present

- Spearheaded strategy and operations across finance, marketing, and event planning for the largest and longest standing cultural organization at Oregon State University - the Indian Students Association (ISA) – representing 500+ students and faculty.
- Organized, executed, and presented India Night, OSU's largest cultural event with 1000+ attendees. Coordinated 30+ volunteers and 50+ participants from the Pacific Northwest and managed a budget of \$10k plus donations.
- Cultivated partnerships with student organizations and administration to secure funding and venues for future ISA initiatives.

Event Coordinator

June 2023 - June 2024

- Coordinated end-to-end event logistics, including vendor contracts, catering, and entertainment for all events ensuring on-time delivery and stakeholder satisfaction.
- Secured over \$3000+ in sponsorships and built long-term partnerships with local businesses.
- Collaborated with treasurers to ensure financial transparency, and the public relations team to boost campus-wide attendance through strategic marketing.

Secretary

June 2022 - June 2023

- Streamlined documentation and board communication and launched campus outreach campaigns via flyers, tabling, and social media that boosted attendance by 100+ participants and deepened engagement with the general student community.

PROJECTS

Detecting Fake 5-Star Yelp Reviews

April 2025 - June 2025

- Developed and trained an end-to-end machine learning pipeline using Python to detect fake reviews using sentiment analysis (VADER), LDA topic modeling, clustering (K-Means), and logistic regression.
- Cleaned and analyzed Yelp reviews to identify patterns in language, user behavior, and business categories, with the logistic regression showing 99% accuracy.

Spotify Song Popularity Predictions

June 2025 - March 2025

- Analyzed 5k+ Spotify tracks utilizing pandas in Python to build a predictive model that identifies key audio features (valence, speechiness, energy, tempo) linked to song popularity.
- Built visualization and statistical models that helped users and indie artists understand listener engagement patterns.
